Many thanks for supporting the Rowlands Castle Village Fair

Rowlands Castle Village Fair Booking Form

Saturday 1 July 2017

INSURANCE

It is important for your protection and the protection of others that the activities and services offered at the Village Fair are adequately insured. Our insurers insist that we establish that anyone trading at the Village Fair has adequate insurance. It is for this reason that we require evidence of insurance with your booking.

We do acknowledge that for some stallholders the Rowlands Castle Village Fair is the only event at which they trade and we are grateful for your contribution.

If you have any questions about insurance, contact Ian Oliver on ian.oliver@georgeide.co.uk or Tel 07850 644908.

All stallholders MUST complete the following section:

(Delete as applicable)

I have Public Liability insurance YES / NO

I have enclosed a copy of my current Public Liability Insurance Certificate YES / NO

Some activities, by their very nature, are high risk. If you do not have Public Liability Insurance, we will review your application in the light of the risk presented by your proposed activity, and the extent of our own insurance, and will contact you further in due course. Our insurance is unlikely to cover professional traders or the sale of food.

Important reminder for stallholders selling or providing foodstuffs of any description:

New laws came into force in December 2014 which mean all providers of foodstuffs have to declare a list of common allergens found in their products. Stallholders MUST provide this information on packaging or on clearly displayed signs. The 14 allergens are:

Celery and celeriac, including celery salt. **Cereals containing gluten**, eg wheat, barley, oats. **Crustaceans** such as crab and lobster. **Eggs**. **Fish**. **Lupin** seeds and flour. **Milk**. **Molluscs** eg mussels, land snails, squid and whelks. **Mustard** – liquid, powder and seeds. **Nuts** including nut oil – almonds, hazelnuts, walnuts, cashews, pecans, Brazil, pistachio, macadamia or Queensland. **Peanuts** including groundnut oil and peanut flour. **Sesame** seeds. **Soya**. **Sulphur Dioxide** – a preservative often found in dried fruit, meat products, soft drinks, vegetables, wine and beer.

For further information, see the Food Standards Agency: www.food.gov.uk
